

C Output (Print Text)

[< Previous](#)[Next >](#)

Output (Print Text)

To output values or print text in C, you can use the `printf()` function:

Example

```
#include <stdio.h>

int main() {
    printf("Hello World!");
    return 0;
}
```

[Try it Yourself »](#)

You can use as many `printf()` functions as you want. **However**, note that it does not insert a new line at the end of the output:

Example

```
#include <stdio.h>

int main() {
    printf("Hello World!");
    printf("I am learning C.");
    return 0;
}
```
